The partnership between Azores Homes Resort & Spa and Azores Golf Islands aims to foster a vibrant social community and build long-term relationships among partners and members, while overcoming the challenges of insularity.

Our program is designed for travellers who enjoy group or family holidays combined with outdoor leisure activities, during medium or long-term stays on the island of São Miguel in the Azores archipelago.

The magazine offers information on accommodation options, pricing, loyalty programs, reservations, and the services available at the Batalha and Furnas golf courses. It also includes an individual form requesting some personal details, along with information about booking and registration procedures. To complete the process, you must agree to the terms and conditions.

## About the resort

*“[...] where family ties, the sounds of nature and the echoes of tradition come together.”*

The Azores Homes Resort & Spa, which opened in March 2025, is a unique retreat where wellness and authenticity meet. Located in the parish of Fajã de Baixo on the island of São Miguel, just a few minutes from the center of Ponta Delgada, the resort reflects the vision of its founder Emílio Cabral - an Azorean immigrant living in Canada who has preserved a deep bond with his homeland. This connection inspired him to create a place where guests can reconnect with their roots and feel truly at home.

The resort consists of nine villas, each named after one of the Azorean islands: seven Superior Villas, one Grand Villa, and one Deluxe Villa. The Superior Villas share the same architectural style, differing only in interior decoration. Each features three bedrooms (two with queen-size beds and one with king-size bed), three bathrooms (two en-suite), a fully equipped kitchen, a living room with a fireplace, and a private patio. The Grand Villa offers seven bedrooms, each with a private bathroom, as well as a kitchen, dining room, and a spacious living room with a fireplace. The Deluxe Villa, the most intimate of the three, includes one bedroom with king-size bed, a bathroom, kitchen, dining area, living room, and a private patio.

The garden covers a large area of the resort and offers panoramic views of the city and the surrounding landscape from its two viewpoints. The wellness area features a gym, sauna, sensory shower, Turkish bath, and swimming pools, along with a hot tub on the terrace - all with heated water.

Designed especially for families, Azores Homes Resort & Spa is ideal for medium- and long-term stays, combining comfort, privacy, and a welcoming atmosphere.

# Golf Courses

## *Batalha and Furnas*

The Batalha Golf Course is located on the north coast of São Miguel Island, just 15 minutes from the center of Ponta Delgada. Surrounded by green hills, it offers amazing views of the Atlantic Ocean. Covering 120 hectares, the course is divided into three circuits, with a total of 27 holes arranged in three groups of nine. Considered one of the largest golf courses in Portugal, it stands out for its wide greens, generous fairways, and bunkers with graceful, sinuous contours.

Located above the Furnas Valley, about 40 minutes from the center of Ponta Delgada, the Furnas Golf Course is the oldest in the Azores and one of the most intimate and refined in the world. Designed by Mackenzie Ross and inaugurated in 1934 as a nine-hole course, it was later expanded to 18 holes in 1992 and has remained unchanged ever since. The course features elevated greens, subtle undulations, rolling fairways, and strategically placed bunkers, all framed by Japanese cedars.
